

ARYAN

AI & Full Stack Developer | Computer Science Engineering Student

Odisha, India | +91 9078613586 | jha442749@gmail.com

Professional Summary

Computer Science Engineering student passionate about Artificial Intelligence, Full Stack Development, and building modern software products. Skilled in React, Next.js, TypeScript, Python, Django, PostgreSQL, and UI development. Seeking an internship to contribute to impactful engineering projects while continuing to grow in AI and software development.

Education

B.Tech – Computer Science & Engineering (Core)

2024 – Present

Technical Skills

Languages: Python, JavaScript, TypeScript, Java, C, SQL

Frontend: React.js, Next.js, Tailwind CSS, HTML5, CSS3, Framer Motion

Backend: Django, REST APIs, PostgreSQL

AI: Artificial Intelligence, Machine Learning Fundamentals, Prompt Engineering

Tools: Git, GitHub, VS Code, Vercel, Figma, Postman

Projects

Project AETHER

Premium AI-inspired portfolio using Next.js, TypeScript, Tailwind CSS and Framer Motion with immersive animations and reusable UI architecture.

KoylaVault AI

AI-powered coal management platform built with Django, Python and PostgreSQL.

Bharatiya Antariksh Hackathon

Designed an innovative solution during a national-level hackathon under time constraints.

Experience

Built multiple personal AI and full-stack projects, focusing on scalable architecture, modern UI/UX, responsive design, and continuous learning.

Certifications & Achievements

- IBM certification(s)
- Participated in Bharatiya Antariksh Hackathon
- IBM technical visit and assessment participation
- Developed multiple AI and full-stack applications

Soft Skills

Problem Solving • Teamwork • Communication • Adaptability • Fast Learner • Analytical Thinking
